2020 Awards for Annual World summit on Nursing Education Nov 23-24, 2020 | Miami, USA

Hammam Kandil

Consultant Pediatric Neonatologist, Saudi Arabia.

Lexis Conferences pleases to extend its welcomes to **Annual World summit** on **Nursing Education** during **November 23-24, 2020,** at world's favourite location in **Miami, USA**. Our event is mainly focused on **"Global Overview of Nursing & Healthcare Education"** from nurses and other healthcare professionals who want to share research studies, advice on nursing education, practices and behaviours, and anything pertinent to managed care in nursing. This conference is committed to make genuine and reliable contributions to the scientific community. Registered nurses utilize nursing knowledge and interventions that require substantial scientific and professional knowledge, skills and clinical decision making. The motivation behind Nursing is to upgrade quality care by using human services evidence-based rehearse rules for the medical caretaker instruction. Nursing Research has demonstrated that scenography observing can spare lives.

Outstanding Scientific Contributions and Achievement Awards

Expert Level

This Expert Level Scientific Award is given to the renowned scientific personnel who have contributed their services with a passion, dedication and commitment for the human development and distinguished experts who have made significant, sustained and continuing contributions in the field of Nursing. It is considered as the most esteemed award of the entire conference. His/her contribution could be long-term, cumulative or single, particularly insightful, experimental, applicable, or interpreted ideas. This prestigious award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 20+years of experience in Pediatrics and productively engaged in respective leading edge technology. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible Candidates can upload their Research Portfolios online with their latest 10 publications, landmarks obtained during their research.

Professional Level

The Professional Level Researcher Award is given to a scientific personal that had made a significant contribution with the commitment towards the knowledge development in the field of Pediatrics research. This Research Award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 10+years of experience in Nursing and productively engaged in respective leading edge technology. The nominee has to attain recognition by professional societies, community, organizations or other external bodies. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible Candidates can upload their Research Portfolios online with their last few publications, landmarks obtained during their research.

Scholar Level

The Scholar Level Researcher Award recognizes innovative contributions grounded in relevant research field that raise important research questions, offer original contributions to the field, and are supported by compelling visual and textual evidence. The nominee(s) may work in any type of organization: corporate, government, non-profit, or academic background who have completed/submitted his/her PhD thesis in the field of Pediatrics research. Eligible Candidates can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

Women Scientist

Women Scientist Award highlights major contributions by Female scientists/researchers to Pediatrics research. The pursuits of the award are inspiring role models for the future generations of women in science. The nominee must be recognized internationally for outstanding contributions in the field of Nursing. The nominee(s) may work in any type of organization: corporate, government, non-profit, or academic with 10+ years of experience in the field of Pediatrics research. Eligible nominees can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

Outstanding Speaker

This award acknowledges the best speakers, who have the capacity to engage a diverse variety of audiences, captivate them with their style and deliver a message that conveys their expertise. A speaker can present their projects, strategies, and schemes that have been implemented by them to improve long-term excellence in nursing research. Eligible Candidates can upload their Research Portfolios online with their last few

publications, landmarks reached during their research.

Best Poster Presentation

This award recognizes the best poster presentation given during the course of an event to encourage students and recent graduates to present their original research. Recipient of this award will be selected by the judge of the poster session. An award winning poster will be evaluated on presentation content and clarity, innovativeness of approach, communication criteria and scientific aspects. It will also be based on layout, insights, analysis and results description. The awardee will be felicitated after the completion of poster session. Eligible Candidates can upload their Research Portfolios online with landmarks, reached during their research.
