

Announcement: International Conference on Neurosurgery & Neurology, Paris, France on September 16-17, 2021

We are happy to announce the International Conference on Neurosurgery & Neurology scheduled to be held in Paris, France on September 16-17, 2021.

The theme for the Neurosurgery Congress is “Exploring the Advances in Neuroscience”. Neurosurgery 2021, a two-day meet, aims to accumulate ardent minds ranging from frontiers to novices to discover, explore and create prospects to gain a greener, safer and cleaner tomorrow.

Neurosurgery conference 2021 focuses to create a medium to connect eminent personalities from different backgrounds of Neurosurgery including Neurosurgery, Neurogenetics and Neurogastronomy, Paediatric Stroke and Recovery, Neuroradiology and Neuroimaging, Neuroanaesthesia and Critical Care, Neurological Disorders and Neuroprotection, Neurophysiology and Neurodegeneration and so on. This not only helps to spark new research ideologies but also craft a network of high profile and skilled people to protect the future.

The scientific contributions towards our France Neurosurgery conference are welcome in the form of oral, vid-

eo, poster presentations/workshops and seminars/ networking sessions/ exhibits. These tracks are designed to reveal and augment the expertise of the attendees.

We truly believe Neurosurgery 2021 conference to attain greater heights and success.

Neurosurgery 2021 initiated by Editors - Journal of Neurology & Neurorehabilitation this discovery will offer you an unforgettable experience in exploring new opportunities. Journal of Neurology & Neurorehabilitation is one of the best open access journals that aims to publish the most complete and reliable source of information on discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in this field and provide online access without any restrictions or subscriptions to researchers worldwide.
