Usama El Safy

Professor of Pediatrics and Hematology and Oncology Pediatric Dept-Zagazig University-Sharkia Egypt.

Editorial

With the prosperous completion of our “International Conference on Nursing Science and Practice” which was held in London, UK based on the theme of Exploring the Current Challenges and Leading Edge in Nursing Science, we are glad to bring it back with a much refreshed and newer version of the “International Conference on Nursing Science and Practice” scheduled for July 30-31, 2020 in Rome, Italy.

We are contended to various delegate experts, company representatives, exhibitors and other eminent personalities who supported the conference by facilitating active discussion forums. As per the requests from our previous participants we are glad to introduce the International Conference on Nursing Science and Practice. Bringing the series back with, Nursing Science 2020. The theme for [Nursing Science 2020](#) is: Current Challenges and Leading Edge in Nursing Science.

Our aim for this series is to administer an academic feast for all the scientific researchers, technologists, specialists, doctors, nurse practitioner, nurses, clinical trial associates, nursing practioner, healthcare professionals, nursing students, deans, researchers, and leaders and to be a forum for extended discussions over assorted specialties and promising aspects in the field of Nursing.

[The Nursing Science 2020](#) deliberation focus on Nursing Science and is designed to provide a platform for discussion

and networking as well as to share new ideas, advancements and research related to the Nursing field. The conference is organized with the motive of accentuating the research with the help of international Nurses, Doctors, Medical Professionals and researchers by bringing together all the related experts and professionals under a single summit to emphasize the developments and the future holds of Nursing. This Academic event includes prompt keynote presentations, plenary talks, oral talks, poster presentations, and exhibitions and more. By participating in forums, sharing research and collaborating, the research community will be much benefited. We extend our warmest welcome you all to connect, contribute and collaborate with Nursing Science and researchers/nurses from around the globe.
