

## European Summit on Personalized Medicine and Pharmacogenomics May 29, 2020 | Berlin, Germany

Longdom Conferences successfully hosted its “European Summit on Personalized Medicine and Pharmacogenomics” in Berlin, Germany during May 28-29, 2020. The conference was organized with attention on “Exploring Advances of COVID-19 in Personalized Medicine and Pharmacogenomics” and it had been an excellent success where eminent keynote speakers from various universities addressed the gathering. The liberal reaction and dynamic interest of the Organizing Committee Members and Editorial Board individuals from Personalized Medicine, Genomics, Journal of Pharmacogenomics & Pharmacoproteomics, General Medicine, and Biology and Medicine assumed a critical job within the success of Euro Personalized Medicine 2020. On the other hand, we take the chance to thank all the speakers, delegates and participants for providing their valuable support and time for Euro Personalized Medicine 2020. Euro Personalized Medicine 2020 Organizing Committee would really like to thank all the speakers and who contributed tons for the graceful functioning of this event. Longdom Con-

ferences congratulates the easiest Poster awardees & Best YRF awardees for his or her outstanding performance within the field of Personalized Medicine & Genomics and appreciates all the participants who put their efforts in Poster presentations & Young Researchers form and sincerely wishes them success in future endeavors. All the papers presented at the Euro Personalized Medicine 2020 are going to be published within the proceedings of the General Medicine. With the achievement of successful completion of European Summit on Personalized Medicine and Pharmacogenomics and with the recommendations from Organizing Committee Longdom Conferences planning its Second European Summit on Personalized Medicine and Pharmacogenomics.

Thank & Regards
