Focus on right kissing short line to long line a retrospective very rare lesion for both Indian males and females: Results of a classical laboratory R & D study

Rahul Hajare

Indian Council of Medical Research, India

I see underprivileged has hunger for kissing joy with similar knowledge. The non-scientific people to check with genetic testing to eradicate hollow place of neurodegenerative third DNA for work and what can learn. Thinking about having genome sequenced. Indian people has misleading story about kissing to one another. Great deal with teeth is all about long term results. Researcher initiates the first kiss? Should you close eyes when kiss? To tilt or not to? Laboratory result has given some helpful pointers on how to kiss right
