

2020 Conference Announcement - Community Nursing Meet 2020 Conference scheduled during September 24-25, 2020 at Abu Dhabi, UAE

Dr. Shinga Feresu

Professor and Director, The Feresu Institute of Research and Training (Private) Limited, Johannesburg Area, South Africa, E-mail: shinga.feresu@up.ac.za

Community nursing is a health care sector study focused on caring for individuals, families and communities in order to achieve maintain or recover optimal health and quality of life. Nurses can be differentiated from other providers of health care by their commitment to patient care, education and practice context. Nurses work with different levels of prescribing authority in many specialties. Most nurses provide treatment within the physician's ordering context, and this traditional role has influenced the nurse's public image as care providers.

Community Nursing Meet 2018 is an event that aims to explore the Conferences offers established researchers a stage to share their insight in the field of nursing and Advance practice Nursing.
