Neuron 2020 Awards serve several purposes:

- (1) They are an expression of recognition for outstanding contributions in the field of Neurology.
- (2) They are an incentive to youth to surpass excellence

Award Categories:

Expert Level:

The award of the expert level is given who have made outstanding contributions in the field of advancing in [Neuroscience and Neurology](#). This is the most prestigious award of the whole conference and is tagged as scientific Achievement award. The person eligible for achieving this award is the one who has minimum of 20+ years of experience in the relative field in public or private sector. The person who is given this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

Professional Level

The Organizing committee is one of the primary responsibilities for every conference organizer. They inaugurate a conference. A small, straightforward academic or research event, a conference organizing committee can be of more than five members. The Committee members are ones who has good knowledge about event management, are eligible to provide training, supervision and assistance to other personnel involved in the organization of the event. Ideally the organizing committee involves people with skills, sound knowledge and experience in the respective areas. OCM includes things other than the

achievements that will be an improvement for the participants and volunteers that support the activity.

Scholar Level:

The Scholar level award is given to the one who has met and deliberate research topics and methodologies to promote and develop ideas, learn and gain knowledge from Key investigators at the conference. The forum will offer an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.

The [Young Research Forum](#) comes under this category to encourage Young researchers / students to present their research works. Therefore, all presenters are encouraged to give comprehensive and dynamic talks based upon their research work. All YRFs will present their research works during the conference and the best presenter will receive the best YRF award from Honorable Chair. The Oral Presentations should be of 10 minutes period in related scientific track tailed by 5 minutes question hour.

Women Scientist

[Neuron 2020](#) provides an exclusive platform for Women Scientists who present on latest research projects with an in-depth analysis. We are happy to cordially invite the women scholars and scientists from Universities/ Industries all over the globe to our conference who have a minimum of 10+ years of research experience to join the forum. We are pleased to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. The Women Scientists can nominate deserving of the award through online.

Outstanding speaker

Neuron 2020 gives away the outstanding Speaker Presentation Awards to renowned individuals who have applied an idea or innovative approach to encourage active involvement for the betterment of the field as a whole. This award is to motivate the individuals to strive & to realize their fullest potential which could in turn be beneficial. The Impressive works done by them are not only a testament to the individual's efforts, but they also have the potential to change the whole world as they can lead to formulation of better policies and or a new mind set.

Best Keynote Speaker

The best Keynote Speaker awards are usually given based on the speaker's perspective of future advancements and experiences. Keynote Speakers are the ones who can influence people in different ways. The most important factor for keynote message is audience engagement, innovative ideas for the betterment of health conditions in society, someone who captures the essence of your meeting and can subsequently highlight it to your audience in a short amount of time, weaving the key message that you want the audience to take away with them, into their speech in a fun and memorable way.

Best Poster Presentation

Neuron 2020 takes immense pleasure to give away the best poster presentation award to the participant who gives very important ways of sharing significant research and deserve recognition. The poster presented gives a framework to visually summarize your work, to engage others in discussions, and an opening to entice others to learn more by reading the full paper. The Poster awards are for the students to acknowledge work that best represents the purposes, goals, vision and adds new knowledge, contributes innovative research, and/or provides insightful contribution to the field by a bachelor's, master's or doctoral student.

Outstanding Thesis

This award resembles to a person's outstanding contribution for a particular period. These contributions may be an innovation, new knowledge, or ways to improve professional practice based upon the research works. Importantly, the contributions towards the presentation should have a long-lasting impact upon the audience for an interactive session.
