Editorial

Without continual growth and progress, such words as improvement, achievement, and success have no meaning. Founded by Prof. Dr. Jurgen (Germany) in 2015 [Oncology & Cancer Case Reports](#) (ISSN: 2471-8556) is growing continuously. It is our pleasure to announce that during year 2019, all issues of volume 05 were published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

The journal aims caters to a cross section of cancer care professionals like radio oncologists, cancer surgeons, clinical practitioners, palliative and cancer care providers, cancer research canters, academic institutions and students specialized in cancer therapy and cure.

All published articles of this journal are included in the indexing and

abstracting coverage of Index Copernicus, Google Scholar, OCLC-WorldCat, Publons, RefSeek, Hamdard University, EBSCO A-Z.

During the calendar year of 2019, OCCRS received a total of 09 manuscript, out of which 28 articles (80%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 04 articles were subjected for publication after they are accepted in the peer review process. In the 3 issues of Volume 05 published during the year 2019, a total of 04 articles were published (at an average of 1 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of two Editors, seven Reviewers joined the board of OCCRS and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the Journal.

In order to create awareness regarding the current research in the field of cancer and therapies used to cure cancer I have posted the summary of 2019 article and upcoming issue related information on the social media i.e. twitter page of the journal along with this I have done blogs and press release postings of OCCRS journal on the internal as well as external i.e. third party domain which helps to gain more citation, grab the new researcher, page views and publicity of our journal.

The journal provides wide coverage of all related to diagnosis, prevention, cure and rehabilitation of cancer in all forms by encouraging authors to submit original research on fields including but not limited to diagnosis, staging and prognosis of neck, bone, breast, and lung cancers, medical oncology and radiation oncology, surgical oncology, tumor biology and biomarkers, hematology, histopathology, medical imaging, cytotoxicity, drug resistance, curative and palliative cancer care, pediatric oncology, neuro-oncology, bone marrow transplantation, stem cell therapy, gene therapy, clinical trials and cancer drug development.

In order to publish up-to-date, high-quality and original research, OCCRS aspires to coin a special issue-2020 on Coronavirus disease pandemic. Therefore, Editorial Board members of OCCRS are decided special issue title as "[Sensitivity of Cancer Patients towards Corona Infection](#)".
