

33rd International Conference on Brain Science and Cognitive Research, June 01-02, 2020 | Sydney, Australia

Nasreen Sultana

Nasreen Sultana, National Institute of Nuclear Medicine & Allied Sciences Bangladesh Atomic Energy Commission, India, E-mail: ninmas05@gmail.com

Conference Series LLC LTD is organizing “[33rd International Conference On Brain Science and Cognitive Research](#)” which is going to be held in the month of [June 01.02 .2020](#), at [Sydney, Australia](#). The Theme of the conference is “**Current trends in Brain Science and Cognitive Research**”. The [conference](#) offers Prestigious Award for Young Research’s at **Brain Science 2020**-Gathering the New-born Advances in **Neuroscience**.

Brain Science 2020 invites research scholars & young scientists, to submit the nominations for Young Scientist Awards: Brain Science 2020. This Alzheimers Congress 2020 Young Scientist Awards will be announced at the upcoming “[33rd International Conference On Brain Science and Cognitive Research](#)” Sydney, Australia on **June 01-02, 2020**.

This [Brain Science 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of research and innovations.

The core of our Young Research Forum – Young Scientist Awards is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Brain Science 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

[Brain Science 2020 Conference](#) will be an investigation of new research Innovation in the field of Neuroscience and spread the most recent advancements in Neurological Disease prevention and rehabilitation. Discussion on new technology advancement in the field of, Brain Science and Cognitive Psychology, Neurobiology of Brain

Disorders, Cognitive Neuroscience and Stroke, Neuro-Nanotechnology, Neuro-Psychiatry and Mental health, Stress and Neurodegenerative Diseases, Neuroimaging | Neurology Conferences, Neurosurgery and Spinal Cord Disorders, Neuropsychology and Neurorehabilitation Neuroimmunology and Neurological Infections, Genetics and Epigenetics in Neurodegenerative Disorders, and more.

Detecting Brain Science and Cognitive Research, involves a team of healthcare professionals, of which the Neurology technologist is a key player. The market is mainly driven by the increasing research funding for Neurology from governments and private investors, growing demand for personalized medicine in the U.S. and Europe, and the increasing need for toxicology testing.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Neurology Care](#). This is the best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in [Neurology](#),

Pediatric and Geriatric Neurology, and Genetics and Epigenetics in Neurodegenerative Disorders and in different fields of Neurology by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in Neurology are the principal features of this conference.

Past Conference Report

The International Conference on “[32nd International Conference On Brain Science and Cognitive Research](#)”

hosted by conference series with the theme, “Understanding the science of Brain and its behaviour” was successfully executed during , September 23-24, 2019 Hong Kong, China.

The conference offered a unique opportunity to investigators across the globe in order to meet, explore, network and perceive new scientific innovations. The conference received commendable and active participation was received from the Editorial Board Members of OMICS Group Journals as well as from the global scientists, Professors, Academicians, Researcher Scholars and students from diverse fields Brain Science and Cognitive Research

The conference commenced with the presence of worthy Keynote forum and among the notable ones, few are listed below.

- Title: Value of evoke functional electroencephalography in diagnosis and management of mild to moderate brain injury, Rehab Med South, USA.
- Title: Blowing resistance to pharmacotherapy by modulating the permeability of the blood-brain barrier, Carol Davila University of Medicine and Pharmacy, Romania.

Eligibility Criteria for [Young Scientist Awards: Brain Science 2020](#):

The Brain Science 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria.

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the **Brain Science 2020** conference.

Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, [innovative ideas](#), style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/services into public domain.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student’s advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the **Alzheimers Congress 2020: [Young Researcher Award](#)** should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to brainscience@expert-meetings.com along with the online application at the **[Brain Science 2020](#)** Award page.

Presentation:

This award will be presented at [Sydney , Australia](#) during Brain Science 2020 conference.

About Hosting Organization: Conference Series:

Conference Series LLc LTD is the world’s leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in

Journal of Neuroscience and Neuropharmacology

Sultana, J Neurosci Neuropharm 2019, 5:1

the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
